

MANAGER – LABORATORY INFRASTRUCTURE AND EXCELLENCE

Posted on 1 mars, 2024

Company Name Mölnlycke

Location Göteborg

Job Description

JOIN US AND MAKE A DIFFERENCE

Do you want a career that impacts millions of people for the good? Join us at Mölnlycke as we continue our journey to revolutionize care for people and planet. At Mölnlycke, you'll be helping to equip medical professionals with solutions to improve outcomes for patients. And you'll develop your career in a growing organisation with an inspirational culture – where you'll be recognised for the results you've achieved.

We are seeking a dynamic and experienced **Manager – Laboratory Infrastructure and Excellence**. You ensure that the HQ Global R&D laboratories and Innovation Centre are properly equipped and meet quality, EHS and regulatory requirements. Securing Laboratory Operational Excellence with improvement projects for laboratory work processes, laboratory digital strategy, external testing management and strategy, purchasing, inventory and waste management of consumables and chemicals are all parts of your responsibility. In short, your team will enable scientific deliveries today and in the future.

What you'll do

Efficient Equipment Management: Ensure the R&D laboratories have top-quality equipment, secured with timely calibration and maintenance. Accountable for maintaining technical contacts with suppliers for equipment information and support.

Strategic Investment Planning: Drive equipment and facility investment plan, manage resources for execution, and oversee budget for consumables and instrument management.

Data Accessibility and Compliance: Implement effective database management processes to ensure laboratory data accessibility and compliance with quality systems, internal systems management, and maintenance.

Technological and Digital Innovation: Drive scientific and performance excellence by identifying, developing, allocating, and implementing new technologies and tools to support business

objectives. Define and drive a strategic roadmap for digitalisation and automation of the laboratory operations.

Regulatory Compliance and Strategic Support: Ensure that regulatory, quality and EHS demands are met, actively contribute to R&D Laboratory & Innovation Centre strategy, oversee outsourcing efforts for tests, providing updated trainings for the organisation.

Team management: Lead the team of engineers and specialists in the above areas and through the managerial year processes, securing team and individual development and team capacity to deliver on business needs.

In 2024 Mölnlycke Health Care is moving to **new headquarters** in GoCo Health Innovation City. The laboratory Infrastructure and Excellence team will be a key player to secure the establishment of our new state-of-the art laboratories and prototyping facilities.

What you'll need

- Leadership experience from line and/or project management positions
- Strong ability to coach and motivate co-workers
- Medical devices, R&D and/or Laboratory experience
- Proven ability to handle complex workflows and diverse stakeholders
- Performance driven with excellent collaboration and communication skills
- Experience from working in a cross disciplinary environment
- Experience from working with operational development
- Fluent English written and spoken

Our approach to diversity and inclusion

We strive to have a diverse mix of people from different cultures, ages, geographies, and genders, to reflect the world in which we operate and to facilitate innovative thinking across the business.

To apply

We are looking forward to receiving your application as soon as possible. For more information about Mölnlycke, the role and to apply, please contact Tom Bergqvist, Moveup Consulting AB, 0733 – 87 27 22.

Applications must be sent by e-mail to: tom.bergqvist@moveup.se

By submitting your application, you also give your consent to storing your personal information, including CV & Cover letter, and that we own the right to share this information with third parties (our client). You can withdraw the consent at any time.

Om företag

About Mölnlycke ®

Mölnlycke is a world-leading medical products and solutions company that equips healthcare professionals to achieve the best patient, clinical and economic outcomes.

Our business is organised in the four business areas Wound Care, Operation Room Solutions, Gloves and Antiseptics, where customer centricity, sustainability and digitalisation are at the heart of everything we do.

Mölnlycke employs around 8,400 people. The company headquarters are in Gothenburg, Sweden and we operate in more than 100 countries worldwide. Since 2007, the company has been part of Investor AB, an engaged owner of high-quality, global companies which was founded by the Wallenberg family in 1916.
