Om företag

A world-leading medical solutions company

We design and supply medical solutions to enhance performance in healthcare – from the hospital to the home.

Around the world, healthcare systems and professionals are under pressure to deliver better care, to more people, for better value. They need innovative solutions they can trust. That's where we come in. We're here to advance performance in healthcare. So we're always on the lookout for new ways to improve. Our focus: providing effective solutions and offering better value for money.

Solutions to improve outcomes

We have one purpose – to advance performance in healthcare across the world. So that healthcare professionals have what they need to achieve the best clinical, patient and financial outcomes.

But different healthcare professionals have different needs. So we start by listening and making sure we understand them. Then we create solutions that are right for them and for their patients, and that are supported by evidence.

We contribute to advancing performance in other ways too. By sharing knowledge about our specialist clinical areas. And by helping to shape healthcare policies and protocols to raise standards of care worldwide.

We have a strong commitment to healthcare professionals. And we're proving it every day.

A global company with a Swedish heritage

Customers use our solutions in almost 100 countries – and we own operations in more than 40 of them.

Although we're a global company, our headquarters are still in Gothenburg – just a short distance from the town of Mölnlycke. The place where the company was founded in 1849 and the origin of the Mölnlycke name.
