

BUSINESS MANAGER AND TEAM LEAD

Posted on 16 mars, 2022

Company Name OneMed AB

Location Gothenburg/Malmö/Stockholm

Job Description

If you want to make a difference in the quality of life of patients, you are welcome to join OneMed Products AB as a Business Manager reporting to the Director of Private Label. In this position you will support and motivate the members of the team; Surgery & Woundcare and Hospital care. You will set a strategic business plan in line with the financial targets and you will have a global ownership of the Business Areas including full profit and loss and cashflow responsibility, business development, customer relationships, product development and third-party manufacturing development.

In this position you will put the right internal operational procedures in place to ensure that OneMed Products AB operates without issues and fulfil the economic roles as a manufacturer, importer and distributor. You will describe and develop the infrastructure with Shared Services and be the stakeholder towards Planning, Finance, Sourcing, Quality and Masterdata. This position will be based in our office in Göteborg, Malmö or Stockholm.

Key Responsibilities

- Responsible for centrally defined and locally adapted assortment in the Business Area based on customer requirements. Understand the competitive market for the Business Area and be aware of competitive products, replacement products and available capacity of such
- Support Category and Sales organizations, in all countries we operate, with pre-tender work and have direct relationships with the customers where required
- Ensure that we have the right marketing material in place to support sales including product guides, product catalogues and data sheets for all products
- Own the product development process with Third Party Manufacturers and sign related price and supply agreements. Ensure Intellectual Property ownership in cases where it is applicable for New Product Developments.
- Ensure that the latest prices are updated in our systems at all times and that the ICT list and product lists are up to date.

Qualifications

- University degree in Economics and Marketing or Logistics and Purchasing
- Relevant work experience in related field of medical devices
- Experience as a manager leading teams
- Experience from an international B2B environment
- Experience from public sector including procurement (LoU) and tenders, and from supplier relations
- Passionate about the category and/or products being accountable and result oriented to deliver growth
- Fluent in Swedish and English, both verbally and in writing

To be successful at OneMed Products AB and this position as a Business Manager you have the ability to understand commercial environments and you have strong analytical skills with a big picture thinking. Most certainly you are self-organized, pro-active and you keep focus and deliver under high pressure. However, maybe the most important, you are an excellent team player and you are being inspired by working across various functions.

What can we offer you?

We offer you a chance to work in a creative and developing environment with a lot of freedom under responsibility. The role is important for the day-to-day operations of the business and there are many opportunities to develop in an international environment. Our employees are all valuable to us and we strive to have a good mix of people with different backgrounds and experiences, creating a versatile and dynamic workplace.
