

CATEGORY MANAGER NORDIC

Posted on 30 mars, 2020

Company Name Capios

Location Gothenburg

Job Description

Capios's strategy is focused on Specialization, Digitalization and Consolidation to enhance medical quality and growth. To support this, Nordic Procurement is transforming to enhance value driven procurement excellence to deliver sustainable and competitive supplier solutions.

As Capios Procurement is transforming, we need to grow and enhance our strategic capabilities and strengthen the organization with a Category Manager Nordic. This new role will be based in Gothenburg.

About you

As the Category Manager Nordic you will have a strategic procurement role and be a key contributor to our value driven procurement excellence. You are proactive and creative and you understand the real value of business acumen. This position is instrumental in ensuring cost efficiency through the complete value chain and you will be involved in commercial and contract management discussions and decisions within the entire group. Apart from building strong and sustainable internal as well as external relations you are confident in being the lead negotiator.

About the job

Your responsibilities:

- establish category procurement strategy and drive the implementation of it
- have a close collaboration and working relationships with other departments and stakeholders

to understand business needs and requirements

- be the primary commercial contact towards the suppliers within assigned categories
- build sustainable strategic supplier relationships and develop supplier performance
- drive on-time sourcing process to meet defined targets and conclude competitive agreements
- be the lead negotiator with focus on commercial terms & conditions
- set up annual spend and savings forecasts as well as monitoring of actuals vs forecast
- ensure that evaluation and qualification of suppliers is performed and maintained and lead corrective actions if needed
- contribute to other procurement initiatives and take part in special projects
- be an active contributor to enhancement of procurement processes & best practices

Requirement

- Approximately 5 to 10 years of strategic purchasing experience, preferably in category management.
- Excellent communication skills in both oral and written English and Swedish.
- University degree in relevant field.

To apply

Capio offers an opportunity to work together with highly skilled colleagues in an exciting and rewarding environment which provides opportunities to develop both professionally and personally.
