

MEDICAL DIRECTOR NEUROSCIENCE - HQ POSITION

Posted on 10 november, 2021

Company Name Camurus AB

Location Lund/Malmö/Stockholm/Göteborg

Job Description

This is a unique opportunity to be a major contributor to the success of a dynamic biopharmaceutical company. [Camurus](#) is now establishing a new position as **Medical Director Neuroscience**, with global medical affairs responsibility and a team lead function for the Medical Affairs department within this therapeutic area.

The Medical Director is responsible for ensuring appropriate strategic and functional medical support to products on the market in the therapeutic area in liaison with other medical functions in the company. The person ensures the medical content and correctness in marketing and post-approval development activities of products after appropriate medical review and benefit-risk assessment.

- Responsibility for leading the medical affairs team in the neuroscience therapeutic area
- Medical responsibility including continuous medical review and benefit-risk assessment together with the Chief Medical Officer of the company for Camurus products on the market in the therapeutic area
- Medical compliance approval of global product related materials and activities
- Represent the medical function in relevant cross-function committees and project teams internally including the commercial leadership team for Buvidal
- Represent the medical function externally and identify and coordinate contacts with key external experts (KEEs) and medical and scientific stakeholders
- Medical responsibility for Camurus sponsored Phase IV studies
- Provide medical support to corporate and business development activities in evaluations and due diligence in liaison with other medical functions within the company
- Maintain an up-to-date knowledge of compliance (i.e. EFPIA code and applicable laws and regulations) and global drug development regulations, good clinical practice guidelines (i.e. GCP, ICH)
- Contribute to global oversight with respect to medical knowledge/state of the art/guidelines/scientific developments, including analysis of competitive drugs, within the therapeutic area

Work Experience

Mandatory

- Educational background as PhD and/or MD
- Medical affairs experience from the pharmaceutical industry, at least 3 years
- Experience from people management, in the industry or from a clinical/academic position
- Excellent skills in English, orally and written

Preferred

- Medical Doctor / Physician with a PhD
- Good knowledge and experience of clinical research
- Medical expertise in the addiction area

Personal Attributes

- Excellent people management and coaching skills
- Excellent interpersonal and communication skills
- Excellent presentation skills
- Track-record of achieving outstanding results
- Open to work in an entrepreneurial and growing organization, where ownership, collaboration and own drive is of greatest importance
- Hands-on approach as well as strategic capability
